

DEXELANCE AMONG THE 100 LISTED COMPANIES SELECTED AND INCLUDED IN THE INTERMONTE VALORE ITALIA INDEX

Milan, 2 July 2026

Dexelance S.p.A. (DEX.MI), a diversified industrial group and one of Italy's leaders in high-end design, lighting, and furniture, has been selected among the 100 companies listed on the Borsa Italiana that make up the Intermonte Valore Italia Index, which is dedicated to SMEs with a market capitalization of less than one billion Euro that are not part of the FTSE MIB.

The Index was created with the aim of highlighting the universe of listed Italian small and medium-sized enterprises, serving as a meeting point between entrepreneurship, capital markets, and the national economy. It offers a true cross-section of the best expertise in the Italian economy, helping to broaden and diversify investment opportunities compared to traditional indices, for both domestic and international investors.

For Dexelance, already listed on Euronext Milan, joining the Intermonte Valore Italia Index represents a further opportunity to strengthen its dialogue with the market and to consolidate its appeal to the financial community.

"Inclusion in the new Intermonte Valore Italia Index is, for us, an important recognition of the progress we have made as a Group in recent years, and for this reason we are particularly proud," comments Andrea Sasso, Chairman & CEO of Dexelance. *"Initiatives like this play a key role in fostering visibility and liquidity of listed small and mid-sized companies such as Dexelance, while contributing to a more attractive and efficient capital market for the many outstanding enterprises that represent the true backbone of the Italian economy."*

The companies were selected based on rigorous technical and financial criteria designed to ensure adequate levels of liquidity, transparency, and investment attractiveness, including: minimum free float, sound governance standards, analyst coverage, financial sustainability and leverage, as well as relevance within the Index itself.

The Index is part of PMI2Change, Banca Generali's innovative project presented on 1 July 2026 at Palazzo Mezzanotte, Borsa Italiana's headquarter, which aims to support the growth and competitiveness of Italian entrepreneurs by fostering the development of domestically listed SMEs. The project addresses the issue of limited liquidity and undervaluation of listed SMEs, helping to create the best conditions for a more efficient match between capital and enterprises.

The initiative builds on the expertise of Intermonte, a leading Italian player in the sector with over thirty years of experience in financial markets - particularly in SME research, sales & trading, market making, and investment banking - which has been an integral part of the Banca Generali Group since early 2025.

Building on the Index, Banca Generali, together with Investlinx and Intermonte, has launched a new actively managed and PIR-compliant ETF that will invest primarily in the universe defined by the Index itself. Banca Generali has committed to support the launch of the fund with an initial capital raise of Euro 100 million in the first few months, with a gradual increase in exposure to reach Euro 500 million in the medium term. It is therefore estimated that the initiative could help generate new investment flows of Euro 1–2 million per day, representing over 5% of the Index's free float.

DEXELANCE

Dexelance is one of the most important Italian groups operating in high-quality design. The Group is composed of numerous companies, each with its own precise identity, united by a coherent strategic project with activities that are complementary to each other: Gervasoni creates furniture solutions through its namesake brand and the Very Wood brand; Meridiani specializes in the creation of refined contemporary and versatile furniture; Davide Groppi creates and produces unique lamps and lighting projects with an essential and innovative design; Saba Italia creates and produces furniture items with a sophisticated and high-end design; Flexalighting designs and produces lighting systems for interiors and exteriors; Axolight specializes in the design and production of made-in-Italy designer lamps; Gamma Arredamenti is one of Italy's leaders in upholstered furniture made of the highest quality leather; Cubo Design produces top and premium kitchens and furniture systems under the Binova and Miton Cucine brands; Turri is a historic brand of very high-end furniture; Genacchi International and Modar are two established leaders in the contract sector for the luxury and fashion industries; Roda is an international benchmark in high-end outdoor design, exploring the In&Out concept through sophisticated collections that combine elegance, comfort, and innovation, creating exclusive and functional outdoor spaces; Mohd is a leading company in the world of design, with a unique and highly innovative omnichannel business model that has redefined distribution in the sector.
